

Thank you for your interest in Collect 'O Fest – Martiniplaza, Groningen, Netherlands

Please read through our rules below to understand how we work!

- To ensure a good and healthy mix of different goods for our visitors we'd like to know what you plan on selling.
- Buying and trading at Collect 'O Fest is allowed. We promote the fact that some of our vendors buy and trade goods like TCG cards or videogames at the event.
- To attract as many visitors as we possibly can, we ask our vendors to submit a logo, booth photo and a short text describing their contribution to the event. Please send these along with this form so we don't have to ask you later.
- We have cheaper, smaller tables for artists and creators to be accessible for these small businesses. We view you as a creator or artist when all your goods are selfmade without the use of AI.
- **Important:** we have a different price for TCG and regular tables. Take note of this when filling in the form, make sure you book the tables you'll be using.
- Do you have a mixed assortment? For instance, toys, games and some TCG? We allow you to book 5 regular and 2 TCG tables for your booth setup.
- **Important:** due to the nature of the event and its many artists we do not allow selling products made with use of AI. When discovered, these products need to be removed and you risk being removed from the event and future editions all together.
- Any questions? Want to bring something unique that doesn't fit the form below? We strive to create an awesome event and are open for your ideas, don't hesitate to contact us!
- Any special wishes for your booth? Do you need room for cabinets or a clothing rack for instance? Note your wishes in the form and we'll do our best to accommodate you!
- Need an electric point for your setup? We can accommodate but it comes with a cost.
- Need a chair? These have to be ordered in the registration form, you can also take your own!
- Cancelling or a 'no show'. Cancelling within two weeks of the event isn't possible. All promotions and the floorplan will be live at this point and we won't be able to remove you from these materials. If you have to cancel for whatever reason during this period we won't be able to refund the costs you have already made. The same applies when you don't show up on the day of the event. If this wasn't communicated with us in any way, you'll risk being banned for our future editions.
